

## Company Snapshot

### About Us

Payer Matrix was founded in 2016 as we saw a critical need for a solution to address the rising specialty drug costs and their impact on plan budgets. Our founder and the senior management team have significant experience in the healthcare industry, focused on specialty pharmacy, life sciences, and employee benefits. This experience gives us the unique ability to provide specialized patient advocacy services and ultimately reduce the drug spend to the plan in a meaningful way.

### Client Testimonials

*"The process dealing with specialty pharmacies can be burdensome for any family. Even with the high tension, and high stakes of the situation the employees at Payer Matrix maintained an honorable level of professionalism that isn't always the case with other companies."*  
 – Robert Google Review

*"I have had FANTASTIC dealings with Payer Matrix. My contact there Dominique Kirland is very informed and great at dealing with all the pharmacies, and manufacturer of the medications that I take to ensure that I have the resources to pay the least amount for these medications. Great job."*  
 – Patsy, Google Review

*"Payer Matrix helped my cousin navigate a complex process of getting their very expensive medication at no cost. We need more organizations like this helping people who can't afford to pay more for drugs than they make in a year. Thank You!"*
